

March 2011

Thinking and Comprehension Questions:

1. What is Elliott's concern? What does he want the reader to think about?
2. What is your purpose for going to Australia and New Zealand? (Think about Pico Ayer) Have you thought about what role technology will have in your travels?
3. What are your thoughts after reading this article?
4. Should we set technology boundaries as a class? If so, what would those boundaries look like?
